Well that's Pivot Twentyfour12 done. Another epic weekend of 12 hour racing. The Race team smashed it and finished 8th in the Open Men Category. Looking at the results, they were also the first non-sponsored team (only teams like Rotor, Pivot boompod, Torq, Cannondale UK and Rocky Mountain could beat our boys).

Jamie was on fire again and set the 6th fastest lap of the whole event.

The Mixed Open Team were down to 3 riders from the start and plugged away for the 12 hours to finish.

Well done all. Enjoy your well-deserved rest and hope you dry out!
